

Wisdom Circuits Pricing – Simple, Affordable, and Scalable

Wisdom Circuits is designed to provide **teachers, schools, and districts** with an easy, predictable way to bring AI-powered learning into the classroom. **Schools and districts purchase Circuits in bulk—no complex licensing, just simple volume discounts and AI usage options.**

For Teachers (Individual Sign-Up)

\$99/year per Wisdom Circuit

- ◆ **Unlimited students per Circuit**
- ◆ **Each teacher manages their own Circuits**
- ◆ **Standard AI usage included (50,000 messages/year)**

AI Usage Upgrades (Per Teacher, Not Per Circuit):

Plan	Total AI Message Limit Per Year (Shared Across All Circuits for the Teacher)	Cost Per Teacher
Standard Plan	50,000 messages/year	Included in base price (\$99 per Circuit)
High-Use Plan	250,000 messages/year	+\$99/year per teacher
Unlimited Plan	1,000,000 messages/year	+\$299/year per teacher

No per-student fees – Pay per Circuit, not per student.

No hidden fees – Teachers only upgrade AI usage if needed.

Instant Access – Sign up and start using Wisdom Circuits immediately.

Sign Up Now (For Individual Teachers)

For Schools & Districts (Bulk Discounts & AI Usage Plans)

They also get support on loading in course guidelines and teaching models at the district level.

💡 Schools and districts purchasing **multiple Circuits** receive **automatic discounts** based on volume.

Number of Circuits Purchased	Discount Applied	Price Per Circuit
10-24 Circuits	10% Off	\$89/year
25-49 Circuits	15% Off	\$84/year
50-99 Circuits	20% Off	\$79/year
100+ Circuits	25% Off	\$74/year

📌 **AI Usage Plan (Per School or District, Not Per Circuit or Teacher)**

AI message usage is **pooled across all Circuits** within a school or district, ensuring flexibility while keeping costs under control.

Plan	Total AI Message Limit Per Year (Shared Across All Circuits for the School/District)	Cost Per School/District
Standard Plan	500,000 messages/year	Included in base price (\$99 per Circuit)
High-Use Plan	2,500,000 messages/year	+\$999/year per school/district
Premium Plan	10,000,000 messages/year	+\$4,999/year per school/district
Unlimited Plan	Unlimited messages	+\$9,999/year per school/district

- ✅ AI usage is pooled across all Circuits, making it easy to manage.
- ✅ No per-teacher tracking—usage applies to the entire school or district.
- ✅ Schools only upgrade if needed, ensuring predictable budgeting.

📌 **Get a Bulk Plan** (For Schools & Districts)

💡 Why Schools & Districts Choose Wisdom Circuits

- ✓ **Simple, Transparent Pricing** – No per-student fees, no surprises.
- ✓ **Affordable & Scalable** – Schools and districts only pay for what they need.

- ✓ **Predictable AI Usage** – Schools control costs with clear upgrade options.
- ✓ **Instant Access** – Teachers can start using Wisdom Circuits immediately.

📌  **Ready to get started?**

- ◆ **Sign Up as a Teacher**
 - ◆ **Get a Bulk Plan for Schools & Districts**
-

Final Summary:

- **Teachers pay \$99 per Circuit per year** (with optional AI upgrades per teacher).
- **Schools and districts get automatic discounts for bulk Circuit purchases.**
- **AI usage for schools/districts is pooled across all Circuits, with upgrade options available.**
- **Higher AI usage tiers ensure flexibility while keeping costs predictable.**

Would this **final version** now fully align with simplicity, transparency, and ease of sign-up? 🚀

How Schools & Districts Provide Teachers Access to Wisdom Circuits

When a **school or district purchases Wisdom Circuits in bulk**, they need a **simple and efficient way** to distribute those Circuits to teachers so they can set up their class-specific Wisdom Circuits.

◆ How Schools & Districts Assign Wisdom Circuits to Teachers

① School/District Admin Dashboard

- Schools and districts receive an **admin portal** where they can manage their purchased Circuits.
- **Admins can invite teachers** via email or **upload a teacher list** to auto-assign Circuits.

② Teachers Receive an Invite & Log In

- Each teacher receives an **email invitation** with a link to activate their account.

- They log in to the **Wisdom Circuits platform** and immediately see how many Circuits they have been assigned.

③ Teachers Set Up Their Class Circuits

- Once logged in, teachers can **create their own Circuits** (e.g., Algebra 1, Biology, US History).
- Each Circuit is **automatically tied to the school/district** that funded it, ensuring proper allocation.

④ Admin Dashboard Provides Oversight

- School and district admins can **see which teachers have activated their Circuits** and track usage.
 - **Unused Circuits can be reassigned** to new teachers if needed (e.g., when staff changes).
-

♦ What If a Teacher Leaves or Changes Subjects?

- **Admins can reassign Circuits** – If a teacher leaves, their Circuits can be reassigned to another teacher.
 - **Teachers can rename Circuits** – If a teacher switches courses, they can modify their Circuit name and content.
-

♦ Summary of Bulk Purchase & Teacher Access Workflow

- ① School or district purchases a bulk Circuit package
- ② Admin logs into the Wisdom Circuits dashboard to assign Circuits
- ③ Teachers receive an email invite and activate their Circuits
- ④ Teachers set up their class-specific Circuits and start using them
- ⑤ Admins can monitor and reassign Circuits as needed
